Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Provides customer details - Gives pickup and delivery address - Requests courier service	- Provides parcel details - Gives weight and shipment type - Confirms booking	- Waits for delivery agent assignment - Receives shipment status
Touchpoint <i>What part of the service do they interact with?</i>	- Customer details - Booking process - Branch staff	- Shipment record - Tracking number - Shipment details	- Assigned delivery agent - Shipment status
Customer Thought <i>What is the customer thinking?</i>	"Is my booking registered correctly?" "Will my parcel be handled safely?"	"Can I track my parcel?" "Is the delivery date correct?"	"Who will deliver my parcel?" "When will it reach the destination?"
Customer Feeling <i>What is the customer feeling?</i>	- Hopeful - Slightly concerned	- Confident - Expecting timely delivery	- Curious - Expecting regular updates

Process Ownership <i>Who is in the lead on this?</i>	Branch Manager / Customer Support	Branch Staff / System	Branch Manager / Delivery Agent
Opportunities How can we improve this stage?	• Easy booking process • Accurate customer data entry • Reduce manual work	• Automatic tracking number • Validation of shipment details • Real-time shipment information	• Automated agent assignment • Avoid scheduling conflicts • Faster status updates
